

GRAN PREMIO LATINOAMERICANO IN THE WORLD POOL

OSAF is pleased to announce that the 2025 edition of GP LATINOAMERICANO (G1), as well as GP JOCKEY CLUB DE SÃO PAULO (G1) which will be both staged at Gavea Racecourse, Río de Janeiro, on Saturday October 18th, will be included in the World Pool betting system.

World Pool is an exciting and innovative version of international commingling. It is an extension of The Hong Kong Jockey Club's commingling business on Hong Kong local races, where HKJC accepts bets from overseas partners and local punters, to create the deepest and most liquid pari-mutuel pools for top races around the world.

It is World Pool's vision to bring the world's finest racing to a global audience all year round, and to host internationally commingled pools on these races. By following racing circuit around the globe, we aim to promote the world's best horse races, using the IFHA Top 100 G1 Races and the most important G1 Classics as a benchmark.

The 2023 edition of Gran Premio Latinoamericano had already been part of the World Pool. Now, with the addition of these two G1 races from OSAF - an achievement that has been possible thanks to the efforts made by the American Racing Channel (ARC) - a new significant milestone is established for the integration of the South American region into the most important international betting circuit.
